Given under our hands this 20th day of February, 1945.

A. A. COVIEO,
ROY JORDAN,
GEORGE PLUMMER,
Firewards.

Tilton and Northfield Fire District

TO THE INHABITANTS OF TILTON AND NORTHFIELD

We wish at this time to submit for your information a brief review of the past year's activities within the Fire Precinct.

With the cooperation of the Firemen every residence within the Precinct has been inspected for fire hazards. This inspection has been most beneficial to all concerned in having attics and basements cleaned up, defective wiring properly adjusted, and chimneys renovated. In this inspection you citizens have been cooperative in every way possible.

Your firewards made an inspection of all business places and churches within the precinct. You businessmen and clergymen are to be congratulated on your fine cooperation in the assistance given us in this work.

Mr. Arthur Brown, President of the Tilton and Northfield Aqueduct Company was most cooperative in extending the water main on West Main Street another 500 feet in order to install a hydrant at this critical point. This will assist materially in the reduction of insurance rates for all home owners in that area.

The old "Hook and Ladder Companies" have been eliminated and we now have Engine Company No. 1 and Engine Company No. 2. Each group is fully equipped with ladder men, hose men, nozzle men, etc., thereby eliminating any loss of time when trucks arrive at the scene of fire.

During the summer months, weekly fire practice drills were held, and the attendance was very satisfactory of ways, as it gave them first hand information on how to handle their respective parts of the fire equipment.

We have also stopped the so-called Fire-Bug chasers for the public safety.

On each Monday at 12:35 the fire alarm is tested by ringing some one box for your protection.

Various articles of firemen's wearing apparel were purchased during the year. Now each fireman has his own rubber boots, rubber coat and helmet. An identification strap was given each fireman to be used in keeping his outfit together and intact. All wearing apparel is left at the fire station and properly cared for.

The new addition, after considerable delay, is now well under way, and when completed will be one of the outstanding fire stations within the state. Mr. Albert Boudreau is in charge of the construction. He deserves a great deal of credit for what he has thus far accomplished, considering the shortage of manpower, priorities, and weather conditions. Upon completion of the new addition, the new fire siren,

that arrived several weeks ago, will be installed upon a seventy-five foot tower in the rear of this building.

Respectfully yours,

ARTHUR A. COVIEO,
ROY JORDAN,
GEORGE PLUMMER,
Firewards.

Report of District Nurse

For the period of February 1, to June 30, 1944

Since the fiscal year has been changed and will hereafter end June 30th to coincide with the school year, it is not possible to give an annual report at this time. Instead the following account covers a period of only five months, from February 1st to June 30th 1944.

Home and office calls were as follows:

Office	561	Medical	544
Home consultations	89	Surgical	89
Welfare	22	Othopedic	54
Pre-natal	25	Eye, ear, nose	
New baby	31	and throat	28
Total			1452

The district nursing car has been used to transport patients for six trips to Laconia, one to Bosca-
wen and one to Franklin.

Mrs. Alice M. French, R. N., has assisted on the district 21 days.

The district nurse has served as chairman of the Public Health Section of the N. H. Graduate Nurses' Association and on the Belknap County Procurement and Assignment Committee.

The report of school nursing is incorporated in the report of the Superintendent of Schools.

In order to serve the largest number of people with the least expense, you are advised that the office of the nurse is open for consultation and minor treat-

ments daily except Saturday and Sunday from 3 to 4 p. m.

The friendly cooperation of the officers and members of the District Nursing Association, the town officials, physicians and dentists, public school staffs and social agencies is deeply appreciated.

Respectfully submitted,

LURLINE H. McCOOK, R. N.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books and other financial records of the school board and school district treasurer of the Tilton and Northfield Union School District for the school year 1943-44, of which this is a true summary for the fiscal year ending June 30, 1944, and find them correctly cast and properly vouched.

FRED G. WILMAN, Auditor

July 6, 1944.

Report of the Superintendent of Schools

To the Members of the School Board, Parents, and
Voters of the Tilton-Northfield Union School
District:

Residents of Tilton and Northfield are very much interested in their schools, in the pupils who attend them, and in the activities which surround the education of the children. It is a pleasure to report various charges which have taken place since the Report of last year was issued.

BUILDINGS AND EQUIPMENT: MAINTENANCE, OPERATION, REPAIR

At the Union School a portion of the boys' room was taken to enlarge the present coal pocket. A full year's supply of fuel may be stored indoors now.

At the High School, two projects have not been completed. For lack of labor the foundation has not yet been placed under the red barn. The coal pocket has not been constructed.

The windows on the north side of the high school building have been weather-stripped with a consequent saving in fuel.

The Oak Hill and the Lochmere school buildings, which have been closed for several years, were sold by bid. The Lochmere building was purchased by Mr. Francis O'Mara who has remodeled it into a home. The Oak Hill school was bought by Miss Edith Stevens of Northfield, on whose family farm the structure stands.

TEACHERS AND SUPERVISORS

At the Union School, there were two changes in teachers. Miss Thelma A. Wade, efficient teacher of primary pupils, accepted a position in Portsmouth. Her successor, Miss Hildegard M. Wittig of Tilton, graduate of the Plymouth Teachers College has had two years of successful teaching at the Sanbornton Square School. In addition, she has conducted a summer kindergarten locally and is well known by many small children.

Miss Mary E. Devens took this school year to study for a degree. Her position was filled by the appointment of Mrs. Maude A. Gray of Plymouth, a teacher for eight years at Livermore Falls, and several years ago, a drawing supervisor in the mid-West. Mrs. Gray directs the work in drawing in five classrooms and teaches in one classroom for a major part of each day. Mrs. Ilene S. Whicher assists Mrs. Meserve and Mrs. Gray for a portion of each day while the Principal supervises the new arithmetic program and Mrs. Gray teaches drawing.

At the Tilton-Northfield High School, there were several changes in personnel. Miss Dorothy M. White entered Extension Work in Concord, Massachusetts in June. Miss Harriet B. Schricker of Dorchester, Massachusetts, 1944 graduate of the Keene Teachers College, was selected to teach Home Economics subjects and direct the high school cafeteria.

Both Miss Vivian M. Fox and Miss Elaine L. Roy did not seek reappointment as they contemplated advanced study at Columbia University. Miss Fox's

position is being filled by Mrs. Irene D. Whitten of Exeter. As Miss Dember, she was graduated in June 1944 from the Keene Teachers College.

A part of Miss Roy's work is being taken by Miss Leah A. Gray of Plymouth, 1944 graduate of the Teachers' College there.

The teacher of commercial subjects, Miss Eleanor M. McLaughlin, returned to her Alma Mater, Mount St. Mary College in Hooksett, as instructor in shorthand and typewriting. Miss B. Barbara Fluri of Antrim who was graduated from the Plymouth Teachers' College in June, was chosen to continue the local commercial department.

Miss Ruth F. Sawyer is now in the Portsmouth school system. Her position here was filled by the appointment of Miss Priscilla E. Marrotte, June graduate of the Music Supervisor's course, University of New Hampshire, and resident of Dover.

HEALTH WORK

The Shool Nurse, Mrs. Lurline H. McCook, has submitted a report for the school year ending June 30, 1944, which states in part: Medical Inspection of all pupils was made by Dr. Roger N. Blake, assisted by the school nurse. Defects were found: 1 nervous, 5 cardiac, 8 skin, 34 postural, 55 tonsils, 1 breathing, 6 glands, and 1 speech.

Accurate hearing tests were made by an American Legion audiometer. 14 were found to be somewhat hard of hearing, so 5 were given lip-reading instruction by Mrs. Joseph A. Robert, a trained lip reading teacher.

71 pupils were found with impaired vision. 21 of these are receiving treatment and 47 have had their vision corrected.

Doctors E. D. Forrest and J. E. Nordholm examined the teeth of all children enrolled in the Union School. This year 31% were on the original dental honor roll while last year only 9% were so listed. The two dentists have been very generous with their time and interest, making it possible to have treatments completed on 91 children at the school dental clinic. This increased the dental honor roll at the end of the school year to 79.2%. This clinic has been supported greatly by funds contributed by the Tilton and Northfield Woman's Club.

The school health program required approximately 478 hours of nursing time and considerable use of the district nursing car.

READING

There is a wide variation in the ability of children to read. Many of the pupils who are admitted to grade I when they are about six years old are ready to learn reading. Some have even taught themselves to read simple matter. Others are not ready; they may not be when they are seven or eight, or even nine. It is therefore necessary for the teachers to

have several levels or groups in reading in each classroom. They must hold several reading classes each day. In November there were 39 reading groups in the Union Shool. The system now in use in our school is flexbile. There are well-graded work materials for the different learning levels and through the conscientious efforts of teachers, the process, "learning to read" is controlled.

ARITHMETIC

Some teachers in the supervisory union worked nearly a school year in hours outside of school in studying arithmetic standards, subject matter, and work materials before developing a tentative program in arithmetic to fit our condtions. Soon after their report was completed, the State Board of Education supplied a Program of Studies in Arithmetic. With our own efforts and with the outline from the State Board of Education, we have accepted a satisfactory course in this subject.

COSTS OF SCHOOLS

Figures for the school year 1942-1943, the latest ones published by the State Board of Eduaction, show the cost of local schools. In 235 school districts in New Hampshire, Tilton-Northfield's cost stands at \$80.17 per elementary shool pupil, 60th from the bottom of the list. The State median cost is \$94.25.

In the 86 high schools of New Hampshire, the State median per pupil cost is \$136.30. Tilton-Northfield's is \$120.83, 38th from the bottom of the list.

CONCLUSION

In submitting this fifth annual report, I thank the residents for their interest in and support of the schools, the school board members for their fine cooperation, the teacher and school nurse for their industry and success.

Respectfully submitted,

DONALD P. MATTOON.
